

### 3. Regulation of hormone activity

- A. Hormone synthesis & release
- B. Persistence of hormone action
- C. Target level regulation
- D. Feedback regulation

# Regulation of hormone activity

- Covered
  - ✓ Hormones
  - ✓ Signals
- Regulation key to homeostasis
- Mechanisms
  1. Hormone synthesis & release
  2. Persistence
  3. Target
  4. Feedback
  5. Input
