

Android vs. iPhone OS

Zachary West

Community

- iPhone OS customer base: **85 million**
- Android customer base: **5-10 million**
- iPhone OS third-party apps: **190,000**
- Android third-party apps: **40,000**

Application Count by Operating System

Freedom

- **Rejected legitimate iPhone apps: Hundreds**
 - **Unable** to be installed outside App Store.
 - Torrent remote control, Google Voice, etc.
- **Removed Android apps: Tethering Apps**
 - **Able** to be installed outside Market.
 - Can install any signed .apk from any source, except Motorola Backflip (AT&T).
