Checking the state (tree)

The screenshot shows the Bond 3 Agent interface. The window title is "Agent: (BondAgent@wintermute:1099/JADE)". The interface includes a menu bar with "Lifecycle", "View", and "Manage". The main header displays "Bond 3" and "Bond 2.92.1 (February 3rd, 2002)". A sidebar on the left contains icons for "Main", "Structure", "Knowledge Base", and "Debug". The central area shows a tree view of the agent's state:

- Agent
 - AgentUI [current = TheUI]
 - States
 - TheUI
 - Transitions
 - ExecutionPlane [current = Success]
 - States
 - Failure
 - Success
 - Exec
 - Transitions
 - Exec --> Success on 0
 - Exec --> Failure on 1

At the bottom, there is a "Refresh" button and view mode tabs for "Tree view", "3D view", and "Blueprint".
