

Transition to AC

- W11-3

What's Happening??

- Quiz Today
- Labs look pretty crappy
 - There is an education issue here!
- Exam #3 Next Wednesday
- Study Session Monday Morning if there is interest!
- Next topic is AC Circuits
- First, let's do a bit of a clicker review ...

So far we have looked at

- ▶ Inductors and how they work
 - ▶ How they work in circuits ... purely DC circuits but not necessarily constant.
 - ▶ There are a few topics that we have missed and I want to go over them today.
 - ▶ Then, if time, you can start the AC unit.
-
