Announcements

- The schedule for this week and next week
 - There will be no class this Thursday
 - Remember that you may need to demonstrate your program during the class time
 - This Wednesday I will give a make-up lecture
 - On Oct. 21 we will have a review
 - Homework #3 is due at the beginning of class so that solutions will be made available during class
 - Note that no late submission will be accepted for Homework #3
 - On Oct. 23 we will have the midterm
 - The midterm covers chapters 1-9

Announcements

- About the second quiz
 - Most of you did well
 - However, some of you did poorly
 - Please make sure that you put efforts now if we want to earn a good / passing grade
- A preview of the last programming assignment
