

A Review of Key Networking Concepts

Raj Jain
The Ohio State University
Columbus, OH 43210
Jain@cse.ohio-State.Edu

These slides are available at

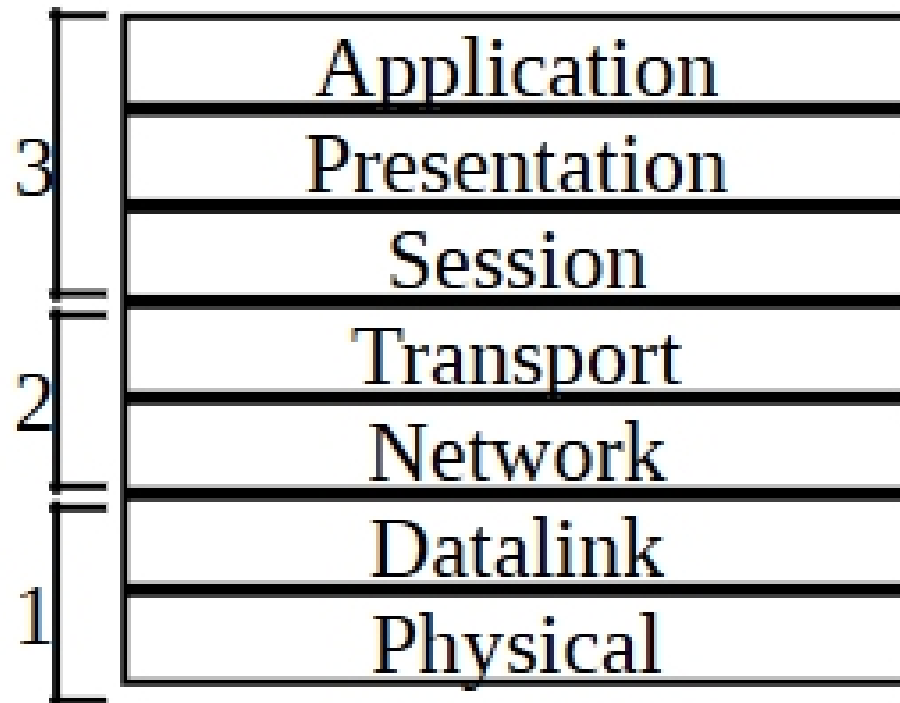

<http://www.cse.ohio-state.edu/~jain/cis777-00/>

- ❑ ISO/OSI Reference Model
- ❑ Ethernet/IEEE 802.3 LANs
- ❑ Interconnecting Devices

All these concepts are taught in CIS677.

ISO/OSI Reference Model

File transfer, Email, Remote Login

ASCII Text, Sound

Establish/manage connection

End-to-end communication: TCP

Routing, Addressing: IP

Two party communication: Ethernet

How to transmit signal: Coding
