

Sophos Safeguard Enterprise: A Solution for Data Protection

Presented by: W3(cube)

Problem statement

Threat of Data theft or exposure from lost, stolen, or inappropriate decommissioned laptops.

What is security?

“In the real world, security involves processes. It involves preventative technologies, but also detection and reaction processes, and an entire forensic system to hunt down and prosecute the guilty. Security is not a product; it itself is a process.....”

Bruce Shnelner (Secrets and Lies, Wiley and Sons, Inc.)
