

Intro to Programming II
Compiling and debugging

Chris Brooks

Department of Computer Science
University of San Francisco

24-2: Stages of Compilation

- What are the stages of the compilation of a program?

24-3: Stages of Compilation

- What are the stages of the compilation of a program?
- Lexing - separate source code into tokens.
- Parsing - evaluate statements and generate assembly code
- Assembly - transform assembly code into binary code.
- Linking - Multiple object files are merged into a single executable.
