

Chapter 19

Earth's Interior

Major Parts

- Crust (Above the Moho)
 - Oceanic (8 to 10 km of basalt & gabbro)
 - Continental (30 to 60 km of granite)
- Mantle - Moho to 2900 km - Solid Rock
 - Upper (Moho to 410km) (Olivine + pyroxene)
 - Transition Zone (410 -670 km) (Silicate Spinels)
 - Lower 670 to 2900 km (Perovskite + periclase)
- Core (2900 to 6367km)
 - Outer Core (Liquid Metal)
 - Inner Core (Solid Metal)

Earth's Interior
