

# CS 8520: Artificial Intelligence

## Lab 1

Paula Matuszek

Fall, 2008

- For each of the following URLs:
  - Explore it, try it out.
  - Think about the following:
    - How would you program it?
    - What kinds of algorithms and data does the program need?
    - Would you consider the program intelligent?

# Games

- Hunt the Wumpus at <http://scv.bu.edu/miscellaneous/games.html>
