Please turn in Homework #2

# Announcements

---

- The second quiz will be at the end of class on this Thursday – October 9, 2003
  - It will be closed-book and closed-note
  - It will cover the materials until today with emphasis on scheduling
  - It requires to compute average wait time and turnaround time (or something like that) and you need a calculator

# Announcements – cont.

---

- Demonstration of Lab 1
  - You can sign up to demonstrate your program tomorrow during the recitation session
  - During the demo, Mr. Chen will ask you questions besides demonstration
