Submission: Electronic submission to [ychen@northwestern.edu](mailto:ychen@northwestern.edu)

### Qn 1. Security Policy

#### Purpose:

The purpose of this homework is develop skills in understanding the difference between a Security Policy, Standard, and Guideline. This exercise will focus on developing IT Security Policies.

#### Assignment:

Your assignment is to act as an outside consultant developing policies for a Fortune 100 company. The company business is food retailing with a global presence. You will be presented with a partially completed IT Security Policy that you are to complete. Please fill the missing policy statements in Section 2. Please just send me the missing part instead of the whole security policy file.

#### Note:

A hint for this exercise is that policies must be:

- General enough that standards can be developed from them.
- Specific enough for them to be targeted, practical, and useful.
- In plain English so that management, non-technical staff, and audit teams can understand and enforce them.
