Grading Policy

- Your grade will be based on:
 - two in-class tests (25% each)
 - online homework (20%),
 - cumulative final examination (30%)

• If you miss any test, **THERE WILL BE NO MAKE UP TESTS**. The points assigned to that test will be automatically added to your final exam. Note that if you take a test, your score on that test will count – you cannot drop low grades on the tests you have taken. Neither can you come to class, review the test, and then decide to leave. Reading the test constitutes taking the exam. If you miss the final examination, you can ask for a make-up **ONLY** with a medical excuse (a note from a physician) or a documented problem (such as a court summons) that requires the student to be elsewhere on the day of the exam. You must provide your documentation (with the appropriate validation from the Dean's office) **within 24 hours after the exam**. If you do not show a valid excuse, you will get a zero.

• EXAMS SCHEDULE:

• EXAM 1 (25%): OCTOBER 12, WEDNESDAY

• EXAM 2 (25%): NOVEMBER 18, FRIDAY

• CUMULATIVE FINAL EXAMINATION(30%): DECEMBER 12, MONDAY, 10-12PM
