

EECS 598

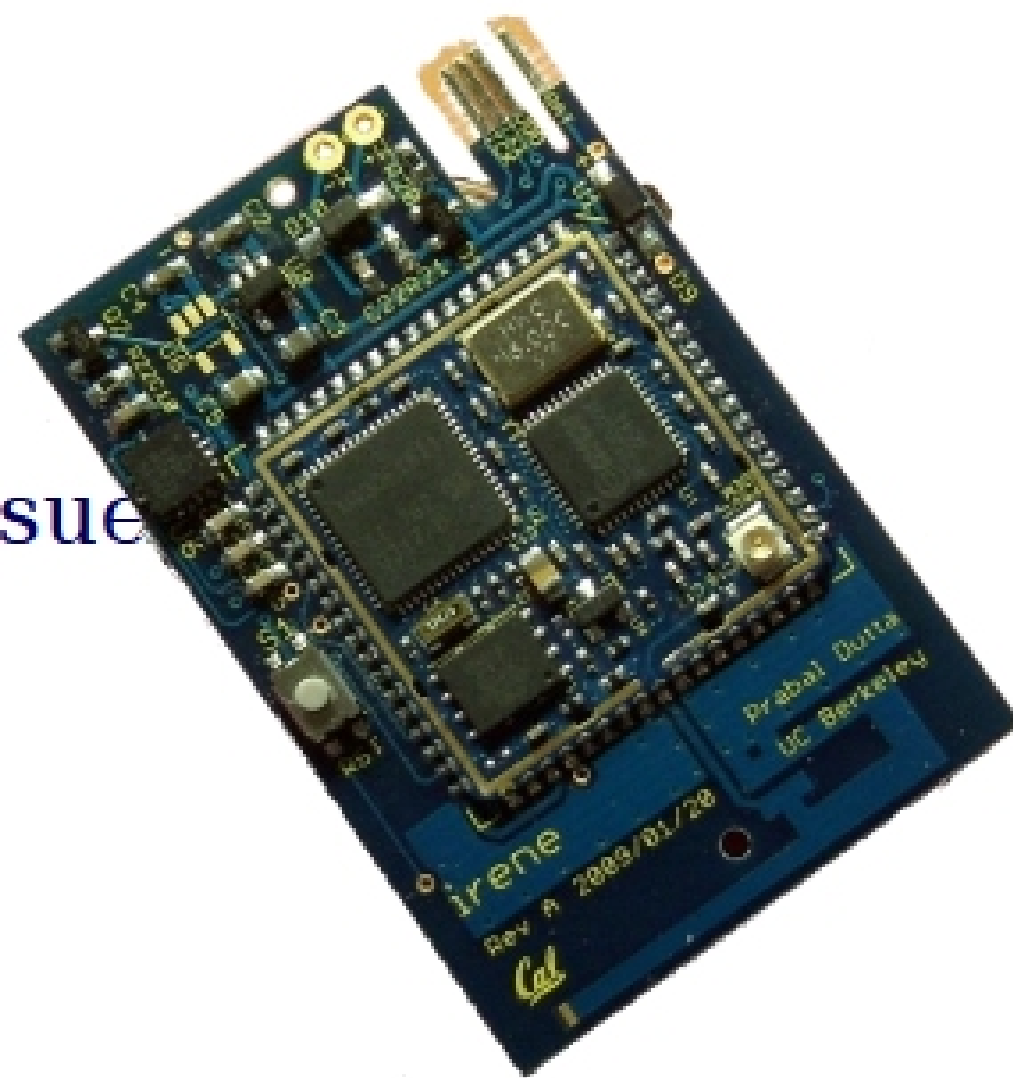

Wireless Sensor Networks

Technologies, Systems, and Applications

Lecture 2: Computer Science Issues

Prabal Dutta
University of Michigan

January 12, 2010

- Twitter feed for late-breaking updates:
 - <http://twitter.com/eecs598w10>
- Writeups
 - Content looks good so far
 - If you decide to take a “pass,” send an e-mail saying so
 - Please send as e-mail plain text (no attachments)
- Today’s office hours immediately after class
- No class on Thursday, but writeups are still due!

What makes good application-led research?

Picking research problems
