A decorative graphic consisting of a thin gold circle on the left side, partially overlapping a horizontal bar. The bar has a gold-to-white gradient and contains the title text. Large black and gold brackets are positioned on the left and right sides of the bar, respectively.

Receiver-driven Layered Multicast

Paper by- Steven McCanne, Van Jacobson and Martin Vetterli – ACM SIGCOMM 1996

Presented By – Manoj Sivakumar

[Overview]

- Introduction
- Approaches to Rate-Adaptive Multimedia
- Issues and challenges
- RLM - Details
- Performance Evaluation
- Conclusions

Introduction

- Consider a typical streaming Application

- What rate should the source send data at ?
