A victim of collision on the open sea
Nobody ever said that life was free
Sank, swam, go down with the ship
But use your freedom of choice

Ill say it again in the land of the free
Use your freedom of choice
Your freedom of choice

In ancient rome there was a poem
About a dog who found two bones
He picked at one
He licked the other
He went in circles
He dropped dead

Freedom of choice
Is what you got
Freedom of choice!

--DEVO

FREEDOM OF CHOICE

Decision Making

Food for Thought

- A bat and ball cost $1.10 in total. The bat costs $1.00 more than the ball. How much does the ball cost? _____ cents

- If it takes 5 machines 5 minutes to make 5 widgets, how long would it take 100 machines to make 100 widgets? _____ minutes

- In a lake, there is a patch of lily pads. Every day, the patch doubles in size. If it takes 48 days for the patch to cover the entire lake, how long would it take for the patch to cover half of the lake? _____ days

How We Think

- **Reflective System**
  - The more deliberate and self-conscious system of thinking
  - Your conscious thought

- **Automatic System**
  - Rapid and instinctive, it does not involve what we usually associate with the word thinking
  - Your gut reaction or intuition
  - Gut feelings can be quite accurate, but we often make mistakes because we rely too much on the Automatic System
