

Introduction/Microscope Intro/Cell Basics/Cell Division

A215 Laboratory

Lab Organization

- Cadaver Days
 - Focus on the gross structures of the body
- Scope Days
 - Focus on the histology component of lab
- PDFs of intros can be downloaded from <http://www.indiana.edu/~anat215/lab>

What is Histology?

- Histology=Microscopic Anatomy
 - Learn what makes up the different tissues in the body
 - Learn how different tissues relate to structure and function (or malfunction)
