

Xpath to XQuery

February 23rd, 2004

Other Stuff

- HW 3 is out.
- Instructions for Phase 3 are out.
- Today: finish Xpath, start and finish Xquery.
- From Wednesday: dbms internals.

Xpath: Wildcard

```
//author/*
```

Result: `<first-name> Rick </first-name>`
`<last-name> Hull </last-name>`

* Matches any element
