Project 1

- Should have much of console working
- Should have some progress (at least design) for kbd, timer

Write good code

- Console driver will be used (*and extended*) in P3

Book Report Goals

Some of you are going to grad. school

Some of you are wondering about grad. school

Some of you are *in* grad. school

- You should be able to read a Ph.D. dissertation

More generally

- Looking at something *in depth* is different
- Not like a textbook
