

Kines 1223
Unit 2 Lecture 4
Connective tissue

Connective tissue
Classifications?

- 1.
- 2.
- 3.
- 4.

Connective tissue proper
Subsets?

- 1.
- 2.

Types of loose connective tissue?

- 1.
- 2.
- 3.

Types of dense connective tissue?

- 1.
- 2.
- 3.

How are tendons different from ligaments?

Fascia

Structure?

Function?

Subdivisions?

- 1.

2.

3.

What are bursae?

Cartilage

Structure?

Matrix?

Vascular or avascular?

Neural or aneural?

Obtain nutrients?

Types?

Hyaline cartilage-

Fibrocartilage-

Elastic-

Bone

Matrix?

Blood

Matrix?

Skeletal muscle

Striated or smooth?

Voluntary or involuntary?

Visceral muscle

Striated or smooth?

Voluntary or involuntary?

Cardiac

Striated or smooth?

Voluntary or involuntary?

What is the difference between nerve cells and neuroglial cells?

Membranes

Structure?

Function?

Types?

Synovial membrane-

Epithelial membrane-

Types of epithelial membranes

Serous membranes

Structure?

Function?

Mucous membranes

Structure?

Function?

Cutaneous membranes

Structure?

Skin

Functions?

1.

2.

3.

4.

5.

6.
