Synchronization

15-412

- If this was fun...
- If you want to see how it's done “in real life”,
- If you want to write real OS code used by real people,
- Consider 15-412 (Spring '05)

Synchronization

Today

- Chapter 19, more or less

Next time

- Fun stuff not in the text

Some upcoming lectures – the “ECE invasion”

- Eno Thereska on advanced disk scheduling
- Joey Echeverria on comparative OS structure
