

- Embryo
- Seed
- Dormancy – viviparous

The image shows a cluster of orange fruits on a branch. Below it is a diagram of a plant with labels for its parts: Branch, Leaves, Fruit, and Radicle (the root system).

- Embryo
- Seed
- Dormancy – viviparous
- Germination – Stratification (Cold) – Scarification (Colon)

The image shows a cluster of orange fruits on a branch, similar to the one in the previous slide.
