

Operating Systems CMPSC 473

Exam 1 Review

February 19, 2008 - Lecture 10

Instructor: Trent Jaeger

- Exam Structure

- (12) Short Answer (1-3 sentences)
 - 3-4 pts each
- (4) Long Answer (2 paragraphs max)
 - 7 pts each
- (3) Constructions (several related, small questions)
 - 10-12 pts each

- Exam Structure

- (12) Short Answer (1-3 sentences)

- How and what questions

- How does X work?

- What is Y?

- (4) Long Answer (2 paragraphs max)

- How and why questions

- How and why does X work that way?

- The 'why' may be implicit, but do not assume that I know that you know how these work

- (3) Constructions (several related, small questions)

- Specific questions about OS mechanisms/concepts
