

CMSC424: Database Design

Instructor: Amol Deshpande
amol@cs.umd.edu

Administrative

- Homework 1 out today.
- Laptops.
- Email to me: write CMSC424 in the title.

Today

- Data management challenges in a very simple application
 - Why we can't use a file system to do database management
- Data Modelling
 - Going from conceptual requirements of a application to a concrete data model
