

Requirements for Building a Secure System for Online Performance Evaluations

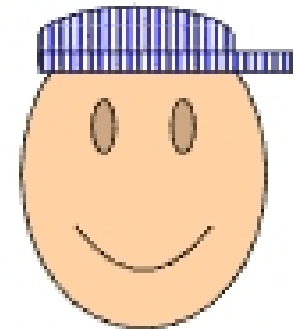

Dan Rubin, James Tsai,
James Watson and Philip Varner

December 4, 2000

David Evans, CS 551

Meet Johnny Q. Survey

- It's time to fill out those surveys
- What does Johnny want?
 - Anonymity
 - Relatively simple, quick method to fill them out

Meet SEAS D. Admin

- What he wants
 - One evaluation per student per class
 - Only valid students doing the evaluations
 - “Valid” results
