

## Grading:

- x .... Indicates missing "read" permission on files
- week 7: still some not identify the weekly submission class : many "0.5" ...
  - issues ... no façade class
  - no createPO(...)
  - no addItem(...)
  - no approvePO(...)
- validator, ejb3, ADF .. 0.5 indicates some posting, but no evidence that the application worked.
- usability, jobs ... collected, but not yet processed
