

ECT 464

Lecture 21

Introduction to Siemens

Today's Quote:

The trouble with the guy who talks too fast is that he often says something he hasn't thought of yet.

*Do not be quick with your mouth,  
do not be hasty in your heart  
to utter anything before God.  
God is in heaven  
and you are on earth,  
so let your words be few.*

Ecclesiastes 5:2

# Introduction to Siemens

The S7-224 is a micro-programmable logic controller (Micro PLC) that can control a variety of automation applications. Compact design, low cost, and a powerful instruction set make the S7-224 a perfect solution for controlling small applications.
