Planning in Urban Communities

Urban Space:

Ernest Burgess, 2007. "The Growth of the City: An Introduction to a Research Project" in LeGates, R and Stout F (eds.) *The City Reader*, 4th ed. New York: Routledge, 150-157. (taken from *The City: Suggestions for the Study of Human Nature in the Urban Environment*, 1925)

The Structure of a City

Burgess interested in internal structure of a single city; not the way in which multiple cities were related to each other

Burgess argued there was underlying logic to physical form of cities
