

# Light etc.

PHY 2054 Spring 2011

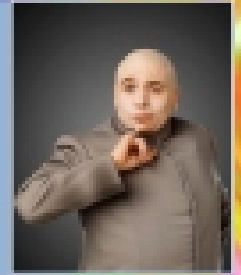

April 13, 2011

# TITLE

- Today we start the study of electromagnetic waves and LIGHT as in “let there be”.
- This will lead to a discussion of
  - Polarization
  - Mirrors
  - Lenses
  - Perhaps interference and diffraction
- There are available experiments for each of these. Not sure how far we will get but we will get there quickly!

# April 2011 Time is on the move!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
3	4 Complete Induction	5	6 AC	7		
10	11 COMPLETE AC EXPT	12	13 OPTICS EM Waves POLARIZATION	14	15 OPTICS Quiz	16
17	18 EXAM #3 (No Optics)	19	20 OPTICS	21	22 OPTICS	23
24	25 (LAST CLASS) OPTICS	26	27	28	29	30 FINAL HPA 119 9:00 AM
