

Safety in the Workplace

BME/CompE/EE/ME 297 Senior Design
Seminar

Robert Wheaton, MPH, CIH
Vanderbilt University
Director, Vanderbilt Environmental Health and Safety

Introduction

- “Safety” isn’t just fire extinguishers and extension cords!
- We’ll define what “Safety” really is in the real world and discuss concepts you can use in the workplace

Agenda

- What we do here at Vandy
- The “safety” profession
- The drivers for safety
- Key workplace safety issues you should know
